BILL SUMMARY:

Senate Bill 23 would amend Section 2, Title V of the Constitution of the State of South Carolina, 1895, by increasing the number of State Supreme Court Justices from five (5) to Seven (7). This change would be effective January 1, 2009.

EXPLANATION OF IMPACT:

The Election Commission

The agency indicates there will be no fiscal impact on the General Fund of the State or on Federal/other funds. While there is a cost associated with printing a referendum ballot, the funding for statewide elections is sufficient to cover this cost

Judicial Department

There will be an impact on the Department if the number of Supreme Court Judges is increased by two members. The impact on the General Fund of the State for two additional Judges and corresponding staff is an estimated \$768,570 in personal services and associated operating expenses. Each judge has an administrative assistant and two law clerks. Non-recurring costs of \$100,360 are estimated for automation and furniture. This Bill may also require renovations to the Supreme Court Building to add office space for the additional Associate Justices and their staff.
